

Lincoln High School Construction Update

Beginning Monday, April 20, parents/guardians are asked to adjust their drop-off/pick-up routes because of construction at the High School. Students/visitors will no longer be able to enter the building from the 9 Mile and Federal entry doors.

The district asks parents to drop students off in the rear parking lot of the high school (off MacArthur) or at the second or third entrance doors off of Federal Avenue. Drivers can get to Federal from Ford, Cadillac, Maxwell or Dodge. For the safety of the students and construction workers, please adhere to these new drop-off/pick-up guidelines.
